Measuring Progress & Celebrating Success
Mayor Jackson hosts an annual summit to report community progress and to co-create an agenda for the future. As we approach the halfway point of this ten-year initiative, we will take stock of our accomplishments, honor the work of many, and chart the course for the next five years.

Working Together
Summit 2013 will focus on implementing Cleveland's Climate Action Plan and the Celebration Year for Advanced and Renewable Energy.
What is your organization, neighborhood, or family doing to be sustainable? We created the Sustainable Cleveland poster campaign for you to tell your story!

All you need is one high resolution photo and 1-2 sentences highlighting how the photo illustrates sustainability in action. You can also add your organization’s logo!

Email us for the template at sustainability@city.cleveland.oh.us. Posters will be shown at the Annual Sustainability Summit on October 3-4, 2013.
