Work is underway for the third and final section of the Opportunity Corridor Boulevard Project. As such, The *Kokosing Design-Build Team* (on behalf of the Ohio Department of Transportation) will be impacting various traffic patterns throughout the course of the project.

Beginning Monday 5/3/21, Kinsman Road between Grand Avenue and Sidaway Avenue will be reduced to a single lane of traffic traveling northwest for a 60-day duration. The traffic pattern change is shown below with green arrows showing the direction of traffic, the blue arrows show the detour using Woodland Avenue, and E 79th Street.
